## Management Scholarship to students

A lot of intelligent students often miss achieving their dream for higher education with the expense of education having grown quite an expensive affair. The requirement for scholarships is compelling and important for our students more than ever since. In this situation our management is keen on helping the meritorious and financially backward students. Different slabs on the basis of the KEAM rank are formed right from the formation of the Institution. The Institutions has been kind enough to spend a large amount as scholarship every year to these students
