1. Safety and security

To provide safety to stakeholders, Jyothi Engineering College checks various means to ensure it.

Women Empowerment and Gender Equality plays a great role in our nation's enrollment and development. Men and women occupy equal positions in the field of STEM (science, technology, engineering, and mathematics), even though some fields may have a higher percentage of women. To promote the development of women, a Women Development Cell (WDC) in JECC named as "SANSKRITHI" was inaugurated on 31-03-2009 by Ms. Margi Sathi, the renowned Koodiyattom artist of Kerala Kalamandalam, Cheruthuruthy. The main motto of WDC is "Each woman for a woman". It acts as a forum for providing self-empowerment of girl students and lady faculties, to take care of the problems and matters related to them and also creates power in women to live a happy and respectable life in a society. WDC with the help of our students conduct a variety of academic, technical, medical, cultural, and social events for the upliftment of women and to spread the importance of gender equality in society. Every year, the Women Development Cell of Jyothi Engineering College celebrates International Women's Day on March 8th with an eye-opening speech by different dignitaries. WDC organizes programs like Self Defense Workshops to improve the confidence in protecting oneself and a variety of talks and webinars will give support and guidance to create a safe space by themselves.

Link: [Beyond Academics | Jyothi Engineering College \(JEC\), Cheruthuruthy, Thrissur](#)

Main Objectives of WDC:

- To empower girl students
- To create awareness about issues related to Women and to make college campus a safe space for women students
- To prevent any act of harassment, including sexual harassment
- Provide the procedure for resolution, settlement or prosecution of acts of sexual harassment taking all required steps
- Strives to address any grievances of the students and provide them with necessary guidance and support
- Intellectual and social upliftment of student

08/3/2022	Interaction on the topic "Demystifying health"
	Image Campaign

REPORT ON WOMENS DAY CELEBRATIONS

The Women Development Cell of Jyothi Engineering College organized an interaction on the topic "Demystifying health". Students and faculty members from each Department were participated. The session was planned to conduct 10 am at the Decennial hall. The session was handled by Dr. Rose Xaviour, Assistant Professor, Department of Anatomy, Government Medical College, Thrissur, Kerala.

The session started with seeking almighty blessing. Ms Nivya Wilson, staff-coordinator of WDC welcomed the Resource person and the gathering. Fr. Thomas Kakkassery, Executive Manager, Jyothi Engineering College delivered the presidential address. In his talk, he appreciated all women for their achievements and commitments towards the society. After presidential address the inauguration of the programme was conducted with lighting the lamp by Dr. Rose Xaviour and delivers the inaugural address. The felicitation was done by Dr. Sunny Joseph kalayathankal, Principal, Jyothi Engineering College. In his speech he pointed out that women's are the beautiful creature of god. Vote of Thanks was delivered by Student Coordinator, WDC. The official programmes ends with National Anthem and interactive session with Dr. Rose Xaviour started

She made a very good interactive talk on the topic "Demystifying health". She discussed about the theme "Gender equality today for a sustainable tomorrow", which aims to recognise women who are working to build a more sustainable future. The International Women's Day website diverted from the UN given theme and announced: "Break the Bias" as this year's concept

The program came to an end at 11.00 am and after that, conducted an open discussion for students for their queries.

2. Counselling

The recent adult behavior by the students creates a lot of anxiety among parents and the college authorities. To overcome this counselling sessions separately for boys and girls are arranged by renowned counsellors. Students who are not able to cope with the academics or have some personal issues will be noted by the respective tutors. The first phase, tutors will provide the required counselling and if the student does not show considerable improvement, they will be directed to the counsellors. The counsellors will generally counsel the students twice a week keeping the matter completely confidential.
