Meeting of the RA Department was convened on 26<sup>th</sup> April 2023 in RA HOD Cabin at 1.00 pm, following points were discussed.

1. The classes for first year will continue up to 10<sup>th</sup> May 2023. Special time table may be prepared for the S2 students on C language, basics of electrical & electronics, engineering mechanics, maths II and graphics during these days. S4 and S6 students can go for internship during this time.
2. From the month of June onwards only the academic activities will be permitted in the college.
3. Internal examination may be completed before Friday 28<sup>th</sup> April 2023. Strict measures should be taken in the case of absentees in internal examinations.
4. The retest should be conducted in consultation with IQAC. One examination a day for each student should be the policy while conducting the retest. Internal examination results should be finalized and submitted before 10<sup>th</sup> May 2023.
5. Dr. Thomas George will conduct the training programme for first year students on 3<sup>rd</sup>, 8<sup>th</sup>, 9<sup>th</sup>, 29<sup>th</sup>, 30<sup>th</sup>, 31<sup>st</sup> May, 1<sup>st</sup> and 2<sup>nd</sup> June 2023. One day late evening programme is arranged at the end of this training programme.
6. Some of students are yet to update their the photos in the ET Lab. Tutors are requested to extend support to the students to update the photos in the ET Lab
7. The college will reopen on 29<sup>th</sup> May 2023.
8. The first year students may be asked to take the membership in Thrissur Management Association.

The meeting came to a close at 1.30 pm

① Faculty members discussed about the low results in SI and decided to take actions to improve the same. Faculty members were asked to monitor closely the progress of the students.

② Rather than tours, industrial visits where students can have real time experience will help to create an interest in students. Plans must be made to identify suitable sites & spots and get the necessary permission. As an initial step, the department decided to arrange an IV to Peechi Dam on Thursday, 20<sup>th</sup> October 2022.

- ④ A review of the current placement status was carried out. Strategies must be devised to improve the quality of the students & ensure that they get placed before the last semester. Faculty members were asked to identify suitable firms to send the students for ~~the~~ industrial training so as to improve their experience. Deadline to do that is 31st October 2022.

## ACTION TAKEN REPORT

Special classes are planned for lateral entry students so that they can catch up with the portions. Faculty members are advised to keep a close tab on the Academic progress of their students.

S7 batches students were taken to visit Peechi dam & Solid waste water treatment plants on 14<sup>th</sup> October 2022. This effort from the department received overwhelming response from students as they found it very effective. The tutors of S5 batch are planning to implement this for their batches also.

Smooth conduct of the lab experiments are ensured by the concerned faculties. Vivas are being regularly asked prior to the experiment.

Staff members are collecting the list of firms where the final year students could be possibly sent for an internship. S7 tutors were asked to consolidate & scrutinize the list.

faculty members would be capable of leaving the college only in the late evening. On Saturday 1st April the college will start functioning at 10 am. A discipline committee meeting in connection with Tharang will be held on Wednesday 29th March 2023 under the leadership of Mr. Ratnan P., the Vice Principal. On Friday 31<sup>st</sup> March the students can wear color dress while participating in the Tharang event. On 1<sup>st</sup> April, the students shall wear either T-shirt or college uniform.

- **Staff Cricket tournament:** A staff cricket tournament for all staff members of Arts and Science Colleges and Engineering Colleges will be organized and hosted by Jyothi Engineering College in the month of May 2023. The staff club of Jyothi Engineering college is directed to organize this tournament and provide the necessary fund for the conduct of the tournament.
- **Admission promotion:** The admission promotion should be conducted in offline and online mode. Some of the suggestions proposed in the meeting were advertisements through FM Radio, KSRTC buses, localized flex, distribution of leaflets in KEAM & NEET examination centers, advertisements in newspapers with low cost and distribute those newspapers in the examination centers free of cost. To highlight the fact that Jyothi Engineering College is established under the auspices of the Archdioceses of Thrissur will carry higher weightage. Digital promotion should be encouraged through students' Instagram, Facebook, WhatsApp and through the blogs.
- **ETLab updation:** The course registration, time table and attendance must be completed by using E T lab by the end of this month. The faculty members can contact Mr. Akhil A Balakrishnan for necessary clarification, if any. The attendance report will be sent

Minutes of the Department Staff Meeting after the NBA Visit

Date & Time: 30<sup>th</sup> September 2022 @ 1.00 P M

Venue: Tutorial Room

1. Dr Saju P John, HOD CSE extended the gratitude to all staff members for their contribution and group dynamics for the NBA preparation.
2. The positive and negative comments from the part of the auditors are explained by the HOD, and detailed deliberations have happened in the meeting.
3. All staff members are pointed out the importance of completing the NBA related work in time and all documents should be updated in time itself. All are informed to find out the curriculum gaps and propose remedial measures to bridge the gap in all courses.
4. HOD informed major shuffling in the criteria coordinators will happen immediately.
5. The following recommendations are forwarding to the management herewith

Recommendations

1. The faculty cadre ratio has to be improved. Minimum three faculty members (one Ph D Qualification) to be appointed immediately. The average engagement in a week by the faculty is above 22 periods. With this hectic workload, proper management of the NBA files and activities cannot be done in a professional way.
2. To improve the publications, faculty members are informed to motivate the students to publish their seminar work and project works. The target is minimum 75 student publication and 25 faculty publications. The unavailability of the plagiarism software and publication support is pointed out by some faculty.
3. Two more Technical staff members to be appointed to CSE department immediately for the effective management of the Lab classes.
4. The lack of industry assisted laboratory has pointed out by NBA team. One Sun/Cisco certified IOT lab may be set up as a common facility.
5. The lack of OBE Knowledge to faculty/student is pointed out by the NBA team. Steps for educating the faculty may be taken up in the college level.
6. The lack of Course exit feedback has pointed out by the NBA team. Steps may be taken to rectify these lapses in the college level itself.

## General Discussion

### 1. Student's comments

- We discussed the coverage of each subject's content. All subjects were expected to cover at least 2 modules.
- "For the subjects Computer Networks (CN) and Management Support Systems (MSS), assignments have been submitted.
- In the case of the subject Disaster Management (DM), students are currently conducting seminars.
- Laboratory sessions have been running smoothly without any reported issues.
- Students have also expressed interest in a session dedicated to CV preparation.

### 2. Faculty comments

- The students appear to be passive. They tend to focus on studying the subject material to earn grades but show limited engagement in extracurricular activities or involvement in broader aspects of their education.
- It's essential to motivate the students by conducting motivational sessions that can inspire and encourage their participation in various activities.
