Dear Sir/Madam,

Greetings from TCS Campus Recruitment Team!!!

At the outset, let me take this opportunity to thank all of you for your continuous association with TCS through contests and other avenues and looking forward for the same support going forward.

At this juncture, I would like to introduce all of you to the flagship coding programme of TCS, **Codevita**. Codevita over the years has emerged as a platform where we promote the coding genius from campuses across India and provide them ample opportunities to flourish.

The event has entered its fifth season with more opportunities in the form of provisional offer letters, internship opportunities, additional weightage at the time of TCS off campus hiring apart from some amazing gifts for the students.

To give a snapshot on what Codevita offers, here are some:

- 1) The winner of Codevita gets a cash reward of 10000 USD(6.5 lakhs) and runner up gets 7000 USD(4.5 lakhs)
 - 2) Internship opportunities for third year students/ provisional offer letters for 3000 students
 - 3) The contest is applicable to all branches/ any number of teams can apply for the contest from a college.
 - 4) Participation is in Teams (Teams can be inter-disciplinary) and each team shall comprise of 2 (Team lead and a team member)
- For eg: A team can have persons from two different branches.
- 5) Added weightage for students during TCS off campus hiring
 - 6) The contest is open for 2017 and 2018 batches (Year of Pass-out)
 - 7) Students with any number of backlogs can sit for the contest.

Seeking support from all of you to communicate to the students to register for the contest and let us promote the coding talents in your respective campuses.

Dear Sir,

ICT Academy of Kerala is planning to conduct ICT Day in selected member colleges, the details are as follows

- 2 Hour session for fifth semester students on 'Projects done in Industry way'.
- 2 Hour session for seventh semester students on 'Career Orientation'.
- A session

for teachers on Teacher-Leader skills (There will be a profiling test attached at the end of it)

Please let us know a convenient date if the college is interested.

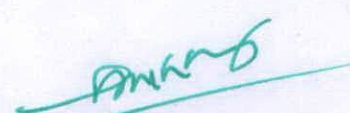

With Best Regards,

Prasanth K.N.

Sub: Invitation for ICT Academy Webinar on LinkedIn Job assistance programme-reg

Dear Sir/Madam,

Greetings from ICT Academy of Kerala!

As you know, job placements is a key need for our students and even though it is not in our mandate, ICT Academy has been working with our partners and other interested Organisations to support the final year students in job placements.

We have been looking for a credible partner who could help our students in appearing for job opportunities in the Domestic and International Organisations for their fresh graduate selection programme. In this regard we have been in discussions with the world's largest professional network Company, LinkedIn (www.linkedin.com) and they are keen to work with us in connecting our students to 30+ Organisations including MNC's through their Job assistance portal. It is expected to open up opportunities a lot of our fresh graduates.

To talk about this in detail and to clarify any queries institutions and students may have on the subject, we are organizing a Webinar on September 22nd between 2:30 pm – 3:30 pm over A-View channel. The LinkedIn Group Product Manager Ms. Khushboo Taneja will talk about the job assistance platform and the benefits students will obtain through it and also take any questions.

I would like to request your institution to be part of this Webinar and request your Final year students to attend it. Our technical team will be in touch with you and explain the details of connecting to the A-View Webinar.

Yours Sincerely,

Santhosh Kurup,
Chief Executive Officer,
ICT Academy of Kerala.

To: The Chairpersons/The Directors/The Principals of ICT Academy Member Colleges
CC: Institutional Knowledge Officers (IKO) and placement officers of ICTAK Member Colleges
CC: Ms Khushboo Taneja, Group Product Manager, LinkedIn , India

Placement and Training Department

Training Name: Aptitude competency development program(ENABLE)

Branches: S8 CSE, EEE & ECE

Vendor: ICT Academy of Kerala

Batch: 2 Date: 6th and 7th Feb.2017 Duration: 2 days

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

→ Session was Very useful for different tests. Nice class.

→ Informative and good way of teaching.

→ This is actually called quality education !!

↳ Informative ... !

↳ gives a clear cut idea on how to appear for an aptitude test

→ Session was very much informative.

→ session was very enformative

→ Good class. Good trainers. Must have provided this training earlier.

→ Class is good. But and useful in aptitude exams.

→ Good class.

→ Nice class, very useful.

→ Good class

→ Good class.

→ session was very much useful.

→ Very informative and useful.

→ Was very useful

→ Session is very Informative

→ Informative class.

→ Session was good and informative

→ Session was good and informative But materials could have been provided before the session, so that time is not wasted for dictating Questions.

→ The session was good and informative. Learned a lot in such a short time.

→ session is interesting & informative. Helpful for us.

→ Good one.

→ Good. But if we were provided with ^{study} materials (or questions) before hand, it would've been a lot easier and time would not have wasted by dictating questions.

→ It helped to study new techniques, and very

interesting.

* Informative and interesting sessions. More ^{more} questions could have been done.

- Informative and thought provoking classes But need to stick on time.
- Interesting and informative. But can include more topics by time adjustment.
- Should provide such classes much earlier, although it was informative. Topics were taken in great rush, just for sake of completion.
- could have covered more topics and questions.
- Good way of teaching with certain examples and more interesting with story examples. Nice class.
- Time was not enough for classes. provide more classes like this. Even though class was excellent.
- Its better to have atleast 4 days session with confidence team. The ~~team~~ sessions was very effective.
- Good classes and very informative.
- Need to improve timescheduling.
- ~~good~~ gained a good experience and had a mirthful ambience ~~in the class.~~

The session was useful. Please provide classes atleast one hour in a week.

The session would have been ^{more} useful if conducted during previous semesters/ 3rd yr.

Training was useful. Got familiarised with various easy methods for solving aptitude questions.

The training helped us not only in solving questions but also changing our perspective while approaching a question. Strategic answering techniques were shown. More questions could have been discussed.

This training session was really useful for students like us who are going to face interviewers in our near future. Time limitations were there and so. More Questions could have been discussed.

The training was very useful. This should be given to those students below this CGPA cutoff also who are interested.

The session would have been more useful if conducted during previous semesters

Classes were informative, — At least .. the coming batches should be provided with this kind of class in frequent.

Informative sessions - efficient resource persons. It will be good if these classes are conducted once in a week or month. Also Cut-off could have been reduced so that more number of students could attend the classes.

Getting clear information and basis. But require 5 more classes. then will get atleast an overview of all topics.

The class was informative. All topics including test strategies were so good for clearing aptitude tests.

Could give ideas on how to attempt an exam & solve it easily. Was very helpful.

- Training session was really useful & informative.
- The class was very good. All the sessions were informative.
- Got the basics, was informative
- The class was very informative & useful.

ICT Academy's 2 day Training program was really informative and useful, since I am a CSE student and there are a lot of aptitude exams and placements are awaiting. It also helped to increase the confidence level of students by helping us to solve problems on quantitative aptitude problems.

Training was very interesting and informative. They have taught us more tricky ways to solve problems. They also shared thoughts on psychological ways to attempt aptitude tests.

ICT Academy's training was informative, they have taught us quantitative questions as well as technical parts. Also they done an test which was really helpful.

Training was conducted on 2 days. Both days were very informative and useful. We got better ideas for solving aptitude questions. Exams conducted on afternoon session was also quite interesting.

Aptitude Training conducted by ICT was very helpful. Learned many shortcuts to do different questions. Exams were conducted in the afternoon session helped to analyse ourselves on how we understood concepts.

The training class by ICT was very interesting and helpful for

First of all, I thank for providing such an opportunity for us. And it was an effective training for us, initiated by ICT Academy. We were able to learn many shortcuts and we were able to learn how to view or understand a question, as well as how to create such tricky questions. Finally, it was very much effective.

The training programme conducted by ICT academy was very helpful for us. The tutors give some shortcut methods to ~~find~~ solve some difficult problems. The classes are very effective and helpful for us.

Dear Sir/Madam;

This is to inform you that an exclusive 3 day '**Campus Placement Aptitude Training Program**' has been organised for the current S7 students (all batches) on 31st October, 1st November and 2nd November 2016, from 9 AM to 4.30PM.

The program has been organised in association with **M/S Six Phrase**, a highly reputed organisation based at Coimbatore. The students will get complete and unlimited access to the Six Phrase online portal which is one of the best in the business, for 1 year. The PAT office can pull out data regarding the usage and individual student performance at any point of time.

Kindly make a note that the last date for registration to the online portal is **Saturday 22nd October 2016**. I humbly request all the HoDs and DPCs to ensure the registration of all the S7 students from your respective departments.

The students who have not registered into the portal and have not taken the pre-screening tests, will not be eligible for attending the training program.

The process for online registration with the portal is as follows;

- 1) Login to www.sixphrase.com
- 2) Click on Talent Assessment Tool

- ✦ Sri Krishna College of Engineering and Technology test conversion in Accenture first round aptitude test was **81%** clocking the highest conversion this year for Accenture.
- ✦ Six phrase is happy to share that our students from Adhiyamaan(89),SNS(64),KPR(55), Park(31),KSRCE(24),VSB(26),Kalaignar(22),Info(19),Angel(16),Jayshriram(12),Avs(9),Velalar(9) have performed well in **TNSLPP - CTS aptitude test**.

Training Model

Placement Fit - Aptitude & Softskills

Duration: 60 Hours

Placement Preparation: Interview Skills, Aptitude, Logical Reasoning, Verbal Ability, Interview Skills, Mock Interviews, Placement Papers, Mock Placement Interviews.

Company Specific Training: Detailed & concise material, Mock Tests, Interview Questions and Answers.

Quantitative Aptitude: Numbers, Percentages, Profit and Loss, Simple and Compound Interest, Time and Work, Time and Distance, Speed, Ratio and Proportion, Partnership, Mixture and Alligation, Pipes and Cisterns, Boats and Streams, Average.

Verbal Aptitude: Grammar, Reading Comprehension, Sentence Correction, Error Identification, Paragraph Completion, Cloze Test, Fill in the Blanks, Spotting, Paragraphs, Paragraph Completion, Reading Comprehension, Sentence Correction, Error Identification, Cloze Test.

Reasoning Aptitude: Analogy, Classification, Coding-Decoding, Direction Sense, Blood Relations, Cause and Effect, Sequence, Non Verbal Reasoning, Logical Reasoning, Analytical Reasoning, Syllogism, Statement and Conclusion, Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Judgment, Statement and Inference, Statement and Logical Deduction, Statement and Logical Conclusion, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Creativity Aptitude: Verbal Reasoning, Logical Reasoning, Analytical Reasoning, Syllogism, Statement and Conclusion, Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Verbal Reasoning: Reading Comprehension, Sentence Correction, Error Identification, Paragraph Completion, Cloze Test, Fill in the Blanks, Spotting, Paragraphs, Paragraph Completion, Reading Comprehension, Sentence Correction, Error Identification, Cloze Test.

Logical Reasoning: Analogy, Classification, Coding-Decoding, Direction Sense, Blood Relations, Cause and Effect, Sequence, Non Verbal Reasoning, Logical Reasoning, Analytical Reasoning, Syllogism, Statement and Conclusion, Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Analytical Reasoning: Logical Reasoning, Analytical Reasoning, Syllogism, Statement and Conclusion, Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Conclusion: Statement and Conclusion, Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Assumption: Statement and Assumption, Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Course of Action: Statement and Course of Action, Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Logical Inference: Statement and Logical Inference, Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Logical Judgment: Statement and Logical Judgment, Statement and Logical Inference, Statement and Logical Conclusion.

Statement and Logical Conclusion: Statement and Logical Conclusion.

500+ Online Tests & 3 Levels of Materials:

Level 3 (Advanced) - Product Based Companies
Level 2 (Intermediate) - Service Based Companies (Tier 1)
Level 1 (Beginners) - Service & Core Companies (Tier 2)

Training Pointers

- ✦ Six Phrase **training model** is based on the concept of **Assessment → Training → Practice → Tests** as against the traditional training model of **Assessment → Training → Tests**. This model helps us in increasing the **conversion percentage** during the company aptitude tests.
- ✦ Six Phrase has devised **three set of materials** for Aptitude training to best fit the training needs of students with different skill set. The materials are categorized as **Level 1 (Beginners), Level 2 (Intermediate) and Level 3 (Advanced)**.
- ✦ Level 3 is a ideal fit for students aiming to get placed in **Product Development** Companies, while Level 1 & 2 are ideally fit for students aiming to get placed in **Service Based** Companies.
- ✦ Six Phrase has prepared a **new material** comprising of questions from last few years of **AMCAT** (CTS, Wipro, Accenture) tests, **Meritrack** (CTS, Accenture) tests, **Infosys** and **TCS** tests. The material will be discussed in class during the course of the training program.
- ✦ Product Batch student's training will be based out of **Level 3** materials and Services Batch student's aptitude training will be based out of **Level 2 (Tier I companies) and Level 1 (Tier II & Tier III companies)** materials.
- ✦ **Talent Assessment Tool** (TAT - ONLINE TESTS SOFTWARE featuring 500 + Company Specific Tests (Product & Service), AMCAT Tests, Quantitative, Reasoning, Creativity, Verbal Aptitude Tests, Full Length Tests, Technical Tests [circuit & non circuit streams], BEC Simulation Tests, English Language Tests, MBA Stream [Finance, Marketing, HR] Tests etc...) will be provided to all the students.
- ✦ Aptitude Competency Development (ACD) **Course material** will be provided for all the students based on their level of training. (Hard Copy Concepts and Questions Level 1 - 125 pages; Level 2 - 100 pages; Level 3 - 92 pages; Soft Copy Answer Key with Solutions - 1475 pages.)
- ✦ **Company Specific Training for Product and Services based companies** will be provided based on the college requirements.
- ✦ **Additional Training** will be provided on a complimentary basis during Company Visit.
- ✦ **Technical Training materials** (Technical Aptitude and Interview Questions - soft copy) related to placements will be provided to the students as part of the **Company Visit**.

SIX
DUBACE

- ✦ **Pre Assessment** (at the beginning of the program) and **Post Assessment** (at the end of the program) will be conducted and the results will be shared with the College Management. Apart from this regular **classroom assessments & home assessment** will also be conducted and results will be shared.
- ✦ **Additional Tests for Students** - During the intermediate time frame between the training program and company visit, tests can be conducted by the college staff using Six Phrase - Talent Assessment Tool. **1 to 2 Hours** of time to be dedicated as Aptitude Test Hours **every week** and students will be asked to take up tests during this timeframe. This will help students to maintain **continuity** with regards to the aptitude topics.

Placement and Training Department

Training Name: Aptitude Competency Training Program for S7 batches

Vendor: Six Phrase

Batch: 1 Date: Oct 31st to Nov 2nd, 2016 Duration: 3days CLASS NO: S7 CSE-A.

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

- 1) The training program was really good. The sheetlets provided for cracking the aptitude tests are new and easy. Other than aptitude the training for group discussion, interview are also requested to include in the program.
- 2) The classes were really nice. and stuff. I feel answer also should be given at the back of the booklet, in case the portions are not completed, it would be easy to refer. And we didn't have debate & group discussion, which were there for other classes.
- 3) The training programme is really informative & helpful. Teachers are very dedicated people. but there is less interactive sessions such as group discussions etc. logical puzzles are good. If add more b/w the classes it will be help-ed to energize them.

4) The training program should be very informative and helpful. The topics handled by them are very easy to understand. Also they give lot of shortcut methods to solve the difficult problems. So the classes are very excellent and helpful.

5) The ^{day} 3rd training programme was a complete mix of intensive amplitude coupled up with good experience trainees to catchup the young minds. It was an out of book exposure for us BTech students from the normal academic oriented classes. The classes were very informative & interesting. The doubts raised by the students were eagerly clear to the point by the trainees. The training programme in fact will create a new sense of thinking and solving skills for all of us who attended it. I am sure that this 3 day training will definitely help me in my future whenever I come across any amplitudes.

6) The enthusiastic and never tiring trainees ^{trainees} have created a great desire for solving various types of amplitudes.

Batch: 5 Date: Oct 31st to Nov 2nd, 2016 Duration: 3days

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

- 1) The few classes were really good and also helped us with our basic concepts. More questions could also have been raised. Though, whatever was taken was upto mark.
- 2) The classes were really good and very much helpful. It was interesting. It helped us to get the recent updates in aptitude.
- 3) The classes were really interactive and useful. The ideas shared during the session was innovative. It was a good experience and much effective. ★★ ★ 
- 4) The staffs were really resourcefull and provided us with a lot of interactive sessions. Seriously in case of quantitative aptitude if I found it more helpful

The Placement Training Programme conducted by 'SIX PHRASE' was worth attending. They have brushed up our ^Patitude skills and helped us to practice a lot of logical problems.

The Resource persons were very ^{much} interactive and friendly. We were able to grasp every topics taken by them.

We would kindly request you to extend such type of programmes in many more institutions like ours.

THANK YOU

VISHNU SASEENDRAN (S7 EEE)

- Gained a lot of experience and confidence.
- It was really fantastic

SIMSON JOSEPH (S7 CS)

Training was good (V) !!

Vinod Mani (S7 ECE-B)

- Excellent ... continue the good work !! !!

Shephur Akthar. (S7 EEE)

→ Excellent.

PREETHY J (S7 EEE)

→ Very good training with perfectly scheduled hours.

- Smruthi Krishna. K (S7 EEE)

Never have I ever attended such a wonderful class. Enthusiasm was at peak. Thank you

- Tressa Francis (S7 ECE)

Excellent - - keep going on

- Smruthi. K. K (S7 ECE)

Excellent training.

VARUN MENON (S7 ME-B)

The placement training has indeed been quite wonderful and our batch certainly liked every bit of it. We really hope a second and probably the third phase will be there so we can touch the reasoning topics as well as more soft skill trainings. The trainers were also well equipped & prepared. Personally, I feel it is a success.

SUDHEESH SOKUMARAN (S7 ME-B)

The three days of placement training was one of the best classes that I have ever attended.

SWAROOP.M.P (S7 ME-B)

Training classes were excellent and the classes were executed properly.

- Swathi K. Sukumaran (S7 CSEB)

The best ever class that we can get - still need some more days of training.

Vani. K. B (S7 CSEB)

The classes were excellent. But we need more days for training.

- Sneelakshmi-G (S7 CSEB)

- The classes were well executed, but should have required more time, looking up to have more classes, since need more practice on quants.

- Sena S (S7 CSEB)

The classes were excellent. We need more training on other topics and expecting ~~level-2~~ training level-2.

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

1. all the sessions were very useful but has to extent for at least a week.
2. Make the date of program in between the month August and September, not at the last of a semester.
3. All class sections was good. All faculty's are good. Student's interaction was very good.
4. Classes can be more Active.
- 5) Training programme was very useful.
- 6) The Training Programme was an excellent one. But Verbal Aptitude Section was not much effective.
- 7) This training programme was very good and am ^{ammy} satisfied with it.

- 8) The classes were excellent and very useful too.
And I'm satisfied.
- 9) The classes were excellent. They are very useful.
I think this can be extended for a week.
I'm satisfied.
- 10) Try to make each sessions somewhere interesting
- 11) Participation of the entire team is required.
- 12) The training program was very good and very informative.
- 13) The training program was satisfactory and we were enabled to answer questions more quickly as before.

→ This training program is most helpful according to me.
 → To improve the aptitude and to increase our confidence to face any kind of problems. Suggest
 → Training was so helpful, but I ~~think~~ that, there is no need of shuffling the class for this purpose, as more concentration was on aptitude.

→ Helped to increase the aptitude skills

→ Training was helpful to us, The ~~games~~ ^{class} gave us more awareness about the importance of Aptitude

→ It is very useful to increase the aptitude skills, but try to make it more attractive by some games and also by to give experience in GD, debate & public speaking. Also shuffling class is not required, because friends can easily help others to ~~understand~~ learn easily and also ~~increase competitive spirit~~ ~~but the students~~

→ Helped in increasing cracking questions faster than ever before

→ Was very helpful. All sessions were interesting.

→ Helped to increase the vocabulary. Also increase the ability to crack questions by shortcuts.

→ Getting more days training will help ~~to~~ to improve ~~very much~~ ^{our skills.} Giving solution booklet is also very helpful to us.

→ This training section was very useful for us. Mainly I liked quantitative aptitude sections. I think much more better interaction ~~will help~~ ^{students} to share their thoughts without ~~any~~ ^{any} ~~hurry~~ ^{hurry}

→ This training section ^{True Copy} of all classes are very helpful ~~is~~ ^{is} very

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

- This training program was very useful for me.
- If possible time for speaking section can be increased some more.
All classes are very useful.
- These days are not enough for this aptitude competency training program. We need minimum of 7 days.
- If the speaking sections are more, it will be helpful to us.
- Training was very helpful, as we got nice classes that enhance our communication skill as well as on the aptitude side.
- This training programme was very helpful for me, ~~it was~~ ^{And} ~~course~~ ~~will~~ be more helpful if concentrated more on problems solving area.
- Training programme helped me a lot for improved by aptitude question answering skill. But 3 days is not enough for getting information about different areas. So I ~~prefer~~ ^{prefer} 1 day programme would be effective for all students.

CLASS: S5 CSECA

Feedback: (You can give feedback on whether the session was useful to you. If not, ideas on improvement can be shared. All comments are welcome)

- the session was very useful to me as I was ^{able to} ~~learned to~~ about new methods in quantitative as well as verbal. For quant session how to solve problems in specific time was taught. It was very useful.
 - Training mainly concentrated at Aptitude session. It provided many shortcuts and tricks to crack problems in short time. Quantitative session was quite interesting. Training will be more helpful, if it includes the training on basis of Technicals like C language. Training was very useful.
 - It is more helpful for us. New methods, New tips for solving a problems. It was very useful.
 - Apart from aptitude training only, communication skills ~~could~~ ^{may} could also be included. As far the aptitude phase ~~is~~ ^{concerned}, the training was very useful.
- One of my suggestion is that the class time for each session could have been reduced from 2hr to 1hr.
